

Winchfield Festival will be held in August 2021

Saturday 7th - Saturday 14th August 2021

Dear Winchfield Festival supporters

You will be pleased to know that we are planning to hold the fullest-possible Festival this year, and we are hopeful that we will be able to put on our usual programme of first-class concerts.

However, you will understand that the Covid situation is unpredictable, and that we may need to adapt the structure of the Festival to comply with the government's safety regulations. We are keeping the situation under close scrutiny.

To give the vaccination programme and the warmer summer weather the maximum time to reduce infection rates, we have decided to delay the Festival, but we fully intend to put on a full week of concerts from Saturday 7th to Saturday 14th August.

We have also decided to bring the concerts forward so that they start at 6pm, with a 15 minute interval. This will make the most of summer sunshine and earlier evenings. We will not be offering food and drink this year but you are very welcome to bring your own. All the concerts will take place in our Festival Marquee with the audience socially distanced in accordance with the rules applicable at the time, so we expect that we will only be able to seat about half the normal numbers. We will not hold concerts in St Mary's Church this year because it is not suitable for social distancing.

We are now in the process of adjusting the concert programme. Over the coming weeks we will publish more details on our website at www.winchfieldfestival.org

Please put the dates in your diary, and we look forward to welcoming you to the Festival in August.

Thank you for your patience
Tristram Cary, Chairman
